# बदलिँदो जीवन पद्धतिमा शिक्षा

हाहा विश्वासहरू क्रमशः मान्छेभित्र क्षमता, सम्भावना र ज्ञान निहित हुन्छ भन्नेतिर जान लागेको छ । मान्छेको क्षमतामाथि विश्वास गर्ने, सम्भावनाहरूमाथि भरपर्ने र मान्छेभित्रको अन्तर ज्ञानप्रति विश्वस्त हुने बाटोको अभ्यास गर्ने लागेको छ । त्यसै विज्ञानमा आधारित भएर मान्छेभित्रको ज्ञान र चेतनालाई मजबुत गर्ने, बाहिर ल्याउन र उजागर गर्ने क्रममा सहजीकरण गर्ने अग्रास नै शिक्षण विधिका रूपमा अपनाइनुपर्ने सन्दर्भहरू स्थापित हुँदैछन् ।

राष्ट्रमागुलक विकास अवधारणा आज सहज र आकाशय विधिका रूपमा स्थापित भइसकेको छ । त्यसै सहमागुलक अभ्यासका अवधारणा आधारीत रिफ्लेक्टिवायतका शिक्षाका अनुदान विधिहरू यसै मेसोमा प्रयोगमा आएका हुन् । यस बाटोबाट यात्रात रहेका भविष्यका हामी अझै जीवनमुखी अभ्यासमा रमाउनेछौ । जीवनका योगाङ्कहरूलाई आधार बनाएर समग्रपक्ष रूपमा परेका खोच र उपयोगीताका सुस्ततम् खोजीलाई घनिभूत बनाउनेछौ । फरक परिवेश र आवश्यकता अनुकूल समाधान दिनसक्ने सञ्जान नै भौलिको हाम्रो शिक्षा पद्धति हुन सक्छ ।

हिजोको हाम्रो अभ्यास भनेको मानव सम्यताको प्रारम्भसँगै प्रारम्भिककालदेखि स्मृतिमा आधारित आदर्शहरू, संज्ञानहरू र सीपहरूलाई पुस्तान्तरण स्वस्म्य गुरुले चलाएरलाई कठोर अनुशासनमा राखेर ज्ञान हस्तान्तरण गर्ने अभ्यास हो । ती आदर्शहरू, संज्ञानहरू र सीपहरूलाई श्रुतिका रूपमा ग्रहण गर्दै आएको परम्परा नै हाम्रो गुरुकुलीय शिक्षा पद्धति थियो ।

लालनात बहोदो दाहाला वड्डो गुणा । तस्मात् पुत्रञ्च शिष्यञ्च ताडयेत् न तु लालयेत् ॥

पुत्रपुत्यानुमा ठूलो दोष छ, दण्डमा धेरै गुण छ त्यसैले छोरा र शिष्यलाई दण्ड दिनु, नपुत्रपुत्यानु भन्ने हिजोको आदर्श थियो । हामी आज बालबालिकाहरूलाई दिने मानसिक र शारीरिक सबै प्रकारका दण्ड-सजायहरूका प्रतिपक्षमा उभिएका छौ । अर्थात् सबै प्रकारका दण्ड-सजायहरूका विरुद्धमा छौ । घर-परिवारमा, विद्यालयहरूमा र समुदायमा सबै तह र क्षेत्रमा बालबालिकामाथि हुने दण्ड-सजायहरू बन्द गरिनु पर्छ भन्ने अभियानमा छौ ।

# Success Story

## Babita rejoined School

Babita Shrestha is a thirteen years girl. Her house lies in Newar tole ward-5 of Bhotenamlang VDC. She has six family members. Both her father and mother are drunkard. Regular tussle between father and mother from a long time forced her to quit school at grade 5 in June 2016. Since then she started living at home doing domestic chores.

Many I/NGOs implemented several projects after the devastating earthquake in this VDC. But neither of them noticed her problem. On July, 2016 the community facilitators and social mobiliser of the project Fighting Against Child Trafficking in Emergency reached at her home to track her through a child tracking card. Meanwhile, they knew that she was in a problem and suggested to come her at Community Child Protection Center (CCPC) established nearby her tole. However, she wasn't attending the center. One day, the facilitators went to her house again. That day, they met all her family

members and started making conversation on Babita's condition and tried to convince the father. Her father rather argued illogically with them. When the staffs couldn't convince her family at any cost they brought some VCPC members. It took almost half a day to make realize her father on the need of rejoining school. The staffs of FACTE took Babita at school on August 11, 2016. She was feeling happy and nervous while meeting her friends. Since then she is a regular student of class five. Sometimes she comes to CCPC and shares her day to day experience to her peers. According to Sunita, one of the facilitators, "I haven't seen her head down since she started to come CCPC and school. This means how happy she is. I don't want to see her being prisoned at house again so for that we are planning to provide some educational support by this month."

## Sticker Published

CN with the support of We World Onlus published 100 copies of sticker in August, 2016. The sticker is about making people aware on community participation regarding the education and child protection.
